

# Geographic Priorities

What’s the geographic scope you wish to pursue? Are you looking to improve the situation . . .

- ✓ In your local community?
- ✓ In your local region?
- ✓ Across the country?
- ✓ Around the world?
- ✓ In a particular foreign location?

You might conclude that you want to pursue a combination of efforts – for example, both local and international.

Rank your geographic priorities in this table (1 for your top priority, 2 for next, etc.):

| Rank | Location           |
